April 28, 2022

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for a Water Filtration System for the Township of Mahwah's Water Department in fiscal year 2023.

The entity to receive funding for this project is the Township of Mahwah – Water Department, located at 475 Corporate Drive, Mahwah, NJ 07430.

The Mahwah Water Department provides water for about 25,000 residents living in the Mahwah Township area, New Jersey. One of Mahwah's seven wells, Well #19 located at 680 Ramapo Valley Road, is out of compliance with regard to State standards for the levels of Perfluorooctanesulfonic Acid ("PFOS"). The Department is required by the NJDEP to bring this Well into compliance with State standards by August of 2023. The Water Department has recently tasked its Water Utility Engineer with designing and implementing a filtration system which will remove these compounds from the well.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Gottheimer".

Josh Gottheimer
