April 27, 2021

Dear Chairman DeFazio and Ranking Member Graves:

I am requesting funding for the Hackettstown Mobility Improvement Project in surface transportation reauthorization legislation.

The project sponsor for this project is the New Jersey Department of Transportation and the project is located at Route 46 and East Avenue, Hackettstown, New Jersey, 07840.

The funding is designated for the New Jersey Department of Transportation to relieve congestion at four intersections located on a congested commuter corridor in Warren County. Substandard American with Disabilities Act (ADA) features at each intersection will also be upgraded.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: (1) It will help relieve congestion at four key intersections in Warren County and improve traffic flow in the surrounding area; (2) It will improve access for pedestrians and other persons with disabilities using the road.

I certify that neither, I nor my immediate family, has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Gottheimer".
