RE: Tax Cut and Jobs Act

Dear Members of Congress,

We, the undersigned small business owners, demand that you oppose the tax scam that is currently being consider by Congress.

The plan will ultimately slash programs that are vital for small business owners like me. Cutting Medicare, Medicaid, education, and infrastructure will have a devastating impact on my community and my business.

What small business owners like us need is for our communities to have affordable healthcare, well-funded schools, and well-maintained roads. The tax cuts and subsequent budget cuts do nothing to improve these things.

Sincerely,

| | | | | |
